They say that high school is the best or worst 4 years of your life. For me I would say it's been some of the best. The time has flown by! Thanks to everyone who has laughed right along with me. Margaux, MacKenzie, Diane, Morgan, Brenna, Joey, Jackie, Laura, Becky, Harry, Chad, Cliff, and Bob- good times! I also want to thank Mr. Kot, who retired last year, for being amazing in general. Mrs. Donovan for not only everything she has done for me these past four years but for also naming me Dutchmen Queen and Loft Mistress. Ms. Richard for never failing to instill some confidence into my singing abilities. I almost don't want to leave- almost. To my friends in lower grades; I will definitely try my hardest to come back and see you all in concerts and plays! Love.

Abby Bellmar

The past four years have been quite a journey for us all. We have gone through a lot on the road towards graduation. Some great, others downright terrible, but I will tell you right now I don't know what I would have done without you all. We have hit a crossroad in our lives and we are all taking different directions. I don't know when or if I'll see you all again, but I'm glad I have the memories (no matter how scarring). So here's to you all: MH LG JB SB MF JR RP. Mrs. Donovan thank you everything and helping survive the past four years. Ms. Richard, thank you for putting up with my obnoxious singing. Bates and all other teachers, sorry for the hard times I gave you. Evan and Sally, I owe you more than either of you can know. Dad, you are the greatest, and I know I'm a pain but thank you for being so strong. Mom, I know if you could have been you would have been at every show, every concert and every trial. I love and will miss everyone.

To all my friends CO, SR, JR, JW, LW, GS, JH, and all those who I became friends with this year, you mean a lot and I'm going to miss you. WOOT WOOT!! Finally made it!

What an insane four years it's been here at HHS. All I know is that I couldn't have gotten through this without all my friends. I'll still think about that time Junior Year when our English class re-enacted an episode of America's Next Top Model. Whipple failed to deliver at the 'pencil challenge' and she was sent home. I'll never forget the discussions with Dr. Frankel, or those Foreign Language Club dinners with Mrs. Blanchard! I also have to thank the Arts Department for keeping me sane and give a special thanks to Mrs. Donovan! There's no way I can fit all my friends in here and individually thank them, but here goes my best shot! I have to thank Laura Grose. She's my other half. Sometimes, people think we're married and YES - I'm the husband. I want to thank Mac, Margaux, Brenna, Diane, Sofia and Morgan for being wonderful ladies! I couldn't have done it without you girls! Thanks to Robert Peacock for being the epitome of a gentleman! I want to properly thank the 'HEY-GIRL' crew for their endless antics in our terribly boring AP classes. To anyone I'm leaving out, I'm sorry! But I know that I couldn't have made it without you or the lovely people listed above me! But most of all, thank you Carole and Richard Brown for putting up with me for seventeen years!.

I really can't believe that this is the end of the beaten path. I have had so many fun times in High school that I will always remember and cherish. It has been such a different and interesting experience for me and I have loved every second of it. I would like to thank my fantastic teachers over the years that have helped mold me into the person I am right now. I love every one of my teachers and I am very thankful to have had them through my years of high school. I would also like to thank all of my friends: JR, MP, HF, JS, ER, CW, TJ, JV, AW, TS, CMVD, SD, CH, RP, JP, and everyone else I may have forgotten. What can I say about these past 3 years I've had the pleasure to enjoy here? Words truly can not describe how amazing the experience has been, & sharing it with such amazing people has made it all the better. I need to thank all my alumni friends from the class of '08: Dock, Kory and Emily. You guys really made my life awesome from the moment I became close friends with you. My closest friends from the class of '09: Justin, Jackie & Harry. You guys have always been the people I could always depend on; well except Justin, but its the ups & downs we've had that have made our friendship so entertaining! Jackie: You're the most amazing girl I have ever known & will always be my #1 guitarist, thanks for being the reason for my love of all things Japan. Harry: You've always been there for me ever since we became friends & especially this past year. Without you I swear I wouldn't have made it through this past summer. Thanks for being there when I really needed a friend.

You don't realize how quickly time passes, until you're a senior balancing on a fence looking back on your childhood, toward your journey to adulthood. It's a shaky fence we all must balance on once in our lives, fortunately, there are many supports to steady us on our way. My mother and father are the two greatest supports in my life; they've done anything and everything they could to make me successful and happy. You're my constant sources of support, and I love both of you more than life itself. I will fondly remember seeking out your familiar faces among the crowd at my games; you never missed a single one. These past four years are full of good memories, especially with THE GIRLS by my side. AD AW CC DC AC LK ML AM Whips and all my HHHsistas! From dinner at Sams, to missing the 12:00 train in Boston, we make scenes wherever we go! My memories of HHH would not be the same without Amira's crazy antics. CampGoodNews and Banquets are events that'll echo in my memories for eternity. I thank Cheryl Poore for all you've done for YourGirls! My advice to all is to show some kindness and "pay it forward." I think it's safe to say that I will be leaving this school with so many great memories, and people who will be in my heart forever. Mom, Nate, Noah, and Alex- You all mean the world to me and I can't thank you enough for all of your love and support. Class of 2009 - wishing you all the best good luck!!

I can't believe Graduation is here already. It seems like just yesterday that all of us were freshman, and looking hesitantly towards our next three years. I want to thank my friends, Chelsea, Lizzie, Sarah, Aubrey, Cassie, Sammy and Shyla for being there for me. Without you girls, my life would have been so much different. Chelsea, thanks for always standing by me, and being there when I needed you the most. My girls from Ceramics, what would I do without you all? Ceramics was so crazy this year with you, and I can always tell you girls everything. "The knights of the round table" always makes me laugh. Maj and Faj, Both of you mean so much to me and without your help I wouldn't be where I am today. Maj, you helped me through math problems and watched over the many parties and Faj, you have been such a role model to me, and showed me how to succeed in life. You pushed me to work hard, and to be ambitious. Emily & Dan (Britney and Kfed), Emily, you have been the best sister I could ever want. You stuck by me even when no one else did, and you always listened to me. Dan, thanks for being my big brother, and taking care of me and Emily. Congratulations Class of 2009, Good Luck, It has been an amazing four years.

Many things in life are either easy or difficult, for me school was the difficult part, but thanks to my family and friends I have handled the worst of things all the way to the simple things without them I'd be nothing. These 12 years in school have helped me to realize my true friends and have taught me what means the most, I have learned what I want to be in life and I'm going to continue with working at my goals. If you don't look at your past you'll never fix what happens in your future, so to that I'd like to thank my Mama Dukes, my brother Lance of the U.S Marines, my uncle Paul, the rest of my family and my crew, you know who you are and you guys mean the world to me and I thank you for helping me with everything life's thrown at me. To the class of 2009 it's been real.n.

The last 4 years of school, we believe it or not, pretty good. Aside from sophomore year, the other 3 were actually really fun. I'd like to thank my mom, for putting up with me, both my sisters, and also my friends. If I've learned anything nonacademic from school, it's this, get lots of friends that like for who you are. I wouldn't be here without them. Thanks to Harry, Bob, Johnny V, Laura, Mac, and all the others. Special thanks to Katie. I know it sounds corny and all but thank you the most. I just want to say that I think that even though we've had our ups and downs, but you have been the highlight of the last year and a half (for whenever you're reading this). But I'd just like to say that I love you very much, and I hope everything works out like it has been. I hope everyone can be as lucky as I believe I was. Oh, and do your work, teachers will like you more if you try.

It seems like yesterday we were in the Castle in the clouds playing don't touch the woodchips or fighting because you can only have one best friend. I can't believe that we are seniors, and figuring out what we want to do with our lives. High School has been a crazy experience for me, but it's been the best time of my life. I'm really sad to go and not be able to see the same people I've seen for the past twelve years everyday. We are one of the biggest families anyone could ask for. Even though times get hard we are always helping and caring for each other! I will miss everyone so much!! Keep in touch! Thank you to all my teachers, and friends that have made my high school experience amazing! So, finally its time to say goodbye to Harwich High, and hello to the rest of our lives!

Wow.. Looking back I realized that these past few years at HHS have been an amazing adventure for all of us. I know that out of everything I have done in this school, the chorus concerts and theatre productions I have been a part of, are some of the most memorable moments throughout my time here. These past four years have been filled with a mixture of emotions. I have struggled, persevered and endured. Friends have come and gone, tears have fallen, and smiles have been shared. You've done it. You've started reading my senior statement. Fortunately for you, my statement isn't a wishy-washy, philosophical one, just a basic sample of farewell prose. Of course, to start off, a mention of my gratitude is necessary, so, here it is: I do thank you very much for reading this; your kindness is surely hard to honor here in sufficiency without going over the text limit. If you wish to continue reading, I shall warn you: the rest of the writing (after the period at the end of this sentence) is just used as filler material to help my statement appear impressively plenitudinous. At the core of one's study of the American War of 1812 must be, out of necessity, the ability to understand not only the causes of growing conflict between the extremely young American country and Britain, but also the attitude each country had toward the prospect of a new war, with all factors of commerce, foreign policy, and (lack of) national unity taken well into consideration...

Its different coming to a new high school after your freshman year but these three years have been a blast. Our grade is the most outgoing, and crazy class there is. I'm going to miss it next year, but we'll always have the memories. Thanks to my parents for putting up with all my ups and downs, and through these hectic times. Casey, I wouldn't have made it without you. I'll be with you next year! All the friends, new and old, you are the greatest. I truly would not have survived if it weren't for you. All I can say is that I've had the best memories here at Harwich High, but its time to get on out of here!

There's nothing I can say about these past four years that would truly sum up the time I've had at Harwich high. I wannna thank my parents for always being there for me and by letting me know I can always do better, it helped push me to work harder to achievement higher goals. Also the support that I have received from my older brother Achille is second only to my parents, without him I wouldn't know where to start with my future. I'll soon come to find out that nothing comes close to playing high school sports, from freshman football to my last year of Track, I'll remember it all. I will remember the fall of 2006, when we made it to the super bowl, for the rest of my life. Some of my best memories happened within that 4 month span. And how could I forget my senior boys Matt, Mike h, Ronnie, Conor, Noah, Charlie, Conner, Ben, Mike R. Even though some things may not be the, same we've been boys since day one and all our times good and bad will be with me forever. And to all my girls you know who you are

I have spent a lot of time here at Harwich High like most people who graduate from here and I can't say it has been fantastic and I can't say it has been terrible. But I can say that I have learned a lot obviously school stuff but more importantly I've learned about myself and the thing that bring people together and push them apart. I don't have much else to say except that on a whole I enjoyed my time here and the memories I have garnered through my experience here will travel with me where ever I go.

I transferred here from Chatham for my senior year and I could not be happier with my decision. I would like to thank all the people who have helped me along the way: especially my father who always knew my potential to be great, and finally gets to see me make that first step to success. I would also like to thank all the people who made me struggle because if I had not, I wouldn't be the person I am today. Finally, I would like to thank all my old friends who I never forgot about, and all my new friends who were beside me through the troubles. Thank you for an awesome senior year.

Four years have gone by so unbelievably fast! I hate to admit it, but I will miss this school a lot. First, I'd like to thank my family for supporting me in everything I've done these past 4 years. Without them, I would have nothing. I would also like to sincerely thank Ms. Richard for the successes she has helped me to achieve. She is so talented, and giving, and her class is what I'll miss most at Harwich High School. I would also like to thank Mrs. Donovan for her exceptional skills, and patience. She has helped me step out of my shell, and has shown me not to hold myself back from the dreams I have created. Also I would like to all of thank my teachers, for pushing me showing me that you have to work hard to achieve your goals, and helping me through my successes and failures. Last but not least, I would also like to thank my friends. They have made each day special. I am a better person for knowing these people. I can only hope we will all find each other again later on in our journey into reality.

High School has certainly been a blessing and a curse but definitely a learning experience. I think I have grown and changed for the better. I hope the same goes for everyone else, and I think we've all discovered a little more about ourselves. Thanks so much to all my friends for making me laugh and helping me get through every day. Thanks especially to Laura, for being my best friend and always being there for me.

It's going to be horrible leaving everyone and starting a new chapter in a new place, but every new experience is an adventure.

It's been a long four years at Harwich High School - I'm glad it's finally over. I never thought I'd be graduating with the Class of '09. I would first like to say thanks to my Dad and Mom for being there to push me on and not let me give up. Second I'd like to say thanks to Mr. Hurrie because without him I would never have made it out of the Middle School. Finally I'd like to say thanks to Mr. Sowpel, Mr. M, Leah, and all my friends for not letting me drop out - I owe it to you guys. Thanks for everything.

My years of high school were some of the greatest learning experiences of my life. Not only did I learn about my academics, but I also learned a lot about myself as a person. I found talents that had been hidden, I found the courage to get on stage in front of an audience, and I learned how great it feels to impress people and to be impressed by others too. Thank you SS, KC, JR, BP, CH, and HF for the fun times we had. All those days at the library were awesome. I also really need to thank Mom and Dad for sticking by me, through all those long college trips, and driving school, and all the other hectic things I made you go through. I could never have made it through high school without your support and guidance. The memories I have of these past four years will stay with me forever. Good luck to you all at whatever you do!

"Friendship is like peeing on yourself, everyone can see it, but you get the warm feeling that it brings."

I don't want to get all sappy and say that I'm going to thank everyone for being there for me cause they'll always be there for me, but I'll thank em for given me a few good giggles along the way. So first off, I do have to thank the pony, Otis for never talking back and always letting me vent and not give his opinions. That's what he was always good for. Then there's you Lisa. Ohh boy. We've been together literally since day one and there's been a lot more than just a few good giggles with us. You're silly there little one and we'll always be as close as we ever were and you know it! Love ya' pooppy. And Mike, even though you probably won't read this unless I make you. We havent been together ridiculously long, but I hope it lasts forever you make me laugh even at the hardest times and I can't quite figure out how yet, but I'll get there I love you mucho grande hehe Jess and Bryan, it's been tough but still you guys have still stayed friends with me through everything and those silly nights in the shop or at Wendy's and that's how we spent some retarded nights. Lauren K, you know you'd be in here girl. All the talks in art, I'll miss em so we'll have to send some really long texts hehe. Love ya girl Ari, how many years now, too many I miss the good old times, making lunch down at muddy creek . yum looove you. To anyone else I forgot to thanks for the laughs, Mom, Dad, Andrea, Jeff, Sarah Ashley(skeet skeet) Jade, Delacey, Love ya all

"Imagination is more important than knowledge." Albert Einstein

If there was one thing that I could say to somehow enlighten those who will make the future a grand place, it would be "Today, forget about the stuff that you know you'll forget about tomorrow anyway." If there were two things, the second would be a thank you to the people I've spent time with; it let me learn about you, me, and the rest of the world too. In high school I tried my hardest with whatever came my way and I didn't let problems frustrate my effort. I tried what was presented to me, even if I thought I wouldn't like it. I learned to enjoy a lot more in life than I would have if I hadn't tried. And I don't regret anything anymore because I'm glad I learned from it. But as for next time, I'll know better. So, in parting; If there's a problem, fix it. If there's an accomplishment, rejoice. If there's a person, love. Living life is too precious an experience to waste the moments on backwards movement.

Ms. Richard &Mr. Bennett- The only two in Harwich who have always believed in me and stood by me through all 4 years. Thank you for everything you two have done for me. RIP JTR-Forever loved.

In loving memory of Justin Ramshur

Justin T. Ramshur- You were probably the biggest piece that held the class of 09 together, and losing you was one of the worst things that could have ever happened. Your time here was filled with more love and happiness then most people see in a life time. You've touched everybody at HHS and you will never be forgotten. To this day it still hurts to think about it but you gave us some of the best times we could ask for. I will never forget you and I know you're in a better place so it's only time till I see you again.

**NEW COACH,

Captains:

Elise Driscoll, Jackie Letendre, and Miranda Lopes

This season was a growing season for the Lady Rough Riders. They had a new coach with very high expectations. Even though their record may not reflect it, the team had a great year. Coach Gonella made a place for himself back at Harwich. The team worked hard to mesh and create chemistry. The team's wins against Dennis-Yarmouth High School were huge, especially since their coach is a teacher there. Their trip to Martha's Vineyard was special as well. "We also got quite innovative in the uses for Vaseline... Ha-ha!" says Captain

Elise Driscoll. They played extremely hard and pulled down a win. Next year will be a building year for the team. With a strong foundation the potential is there for a great season; all it takes is heart. B-Ball 2010, make us proud.

How to Live Your Dash by Linda Ellis

I read of a man who stood up to speak at the funeral of a friend.
He referred to the dates on her tombstone from the beginning to the end.
He noted that first came her date of birth and spoke the following date with
tears.

But said what mattered most of all was the dash between those years.
For that dash represents all the time that she had spent alive on the earth.
And now only those who loved her know what that little line is worth.

For it matters not how much we own, the cars, the house, the cash
What matters most is how we live and love and how we spend our dash.
So think about it long and hard..are there things you'd like to change?
For you never know how much time is left that can still be rearranged.
If we could just slow down enough to consider what is true and real,
and try to understand the way other people feel.

Be less quick to anger and show appreciation more,
and love the people in our lives like we've never loved them before.

Treat each other with respect and more often wear a smile,

Remembering this special dash might only last a while.

So when your eulogy is being read, with your life's actions to rehash,
Would you be proud of the things they say, about how you spent your dash?

Is a student anti-genocide coalition battling the ongoing genocide in Darfur as well as those in Eastern Burma and the Congo. The Harwich High chapter is headed by John Dickson, and co-presidents Alyssa Whipple, Hannah Schupbach, and MacKenzie Hamilton. They have taken part in STANDfast to raise money for civilian protection in Darfur, Sudan, hosted "The Last Supper" and "Darfurpalooza," a benefit concert, both for civilian protection. STAND actively works with the Dennis-Yarmouth chapter, and traveled to Washington DC together for the national STAND conference in November. They will work this year on a Capewide Battle of the Bands to raise awareness and money to end these genocides.

And most important, have the courage to follow your heart and intuition. They somehow already know what you truly want to become. Everything else is secondary."

A special wish for your future as you prepare to venture beyond the walls of HHS...

I wish you enough sun to keep your attitude bright.

I wish you enough rain to appreciate the sun more.

I wish you enough happiness to keep your spirit alive.

I wish you enough pain so that the smallest joys in the life appear much bigger.

I wish you enough loss to appreciate all that you possess.

I wish you enough "Hellos" to get you through the final "Good-bye".

My friend, I wish you ENOUGH!!!

Housing Crisis

The housing market hit crisis status in 2008. With the rise in unemployment, one in 10 homeowners was at least one payment behind on their mortgage or in foreclosure. Nationwide, median home prices fell more than 11 percent to \$183,000—the largest year-over-year drop on record since 1968.

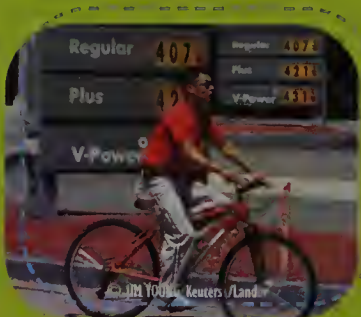

Billion-dollar Bailout

The U.S. Senate sparked intense debate when it approved a \$700 billion plan to rescue Wall Street. The bailout came in response to months of retail sales decline, home foreclosures and record drops in the stock market (dropping 777 points on September 29). Worldwide \$30.1 trillion of global stock market value was lost.

Americans Ditch Cars

With a recession in full swing and commuters concerned about record gas prices, drivers traded their cars for bikes. The Federal Highway Administration reported that Americans drove 9.6 billion fewer miles over the previous year. With consumers buying fewer cars, the big three American automakers felt the pinch. Seeking relief, they asked for and received a \$13.4 billion piece of the federal bailout originally intended for Wall Street.

Hurricane Ike Hits Texas

Thousands of residents evacuated coastal and inland areas

of Texas in preparation for Hurricane Ike, which turned out to be the third most destructive hurricane ever to hit the U.S. The early evacuation efforts (put in place after Hurricane Katrina) undoubtedly saved thousands of lives.

Cleared for Takeoff

It's official—Delta bought Northwest Airlines for \$3.1 billion, creating the world's largest airline. The combined new airline now serves more than 390 destinations in 67 countries. It is expected to generate about \$35 billion in yearly revenue and employ 75,000 people.

Energy Independence

The U.S. Congress agreed with President Bush's decision to lift the almost 20-year ban on offshore drilling operations. The high price of crude oil as well as the strategic importance of energy independence led to the decision.

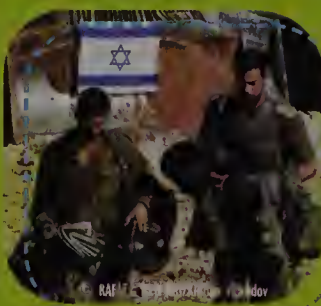

U.S. Troops

After more than five years of war, plans to reduce the presence of U.S. troops in Iraq were moved forward. A new agreement between U.S. and Iraqi officials was ratified, outlining the withdrawal of U.S. troops by 2011. At the same time, in Afghanistan there were 31,000 U.S. troops, and that number is expected to double in 2009.

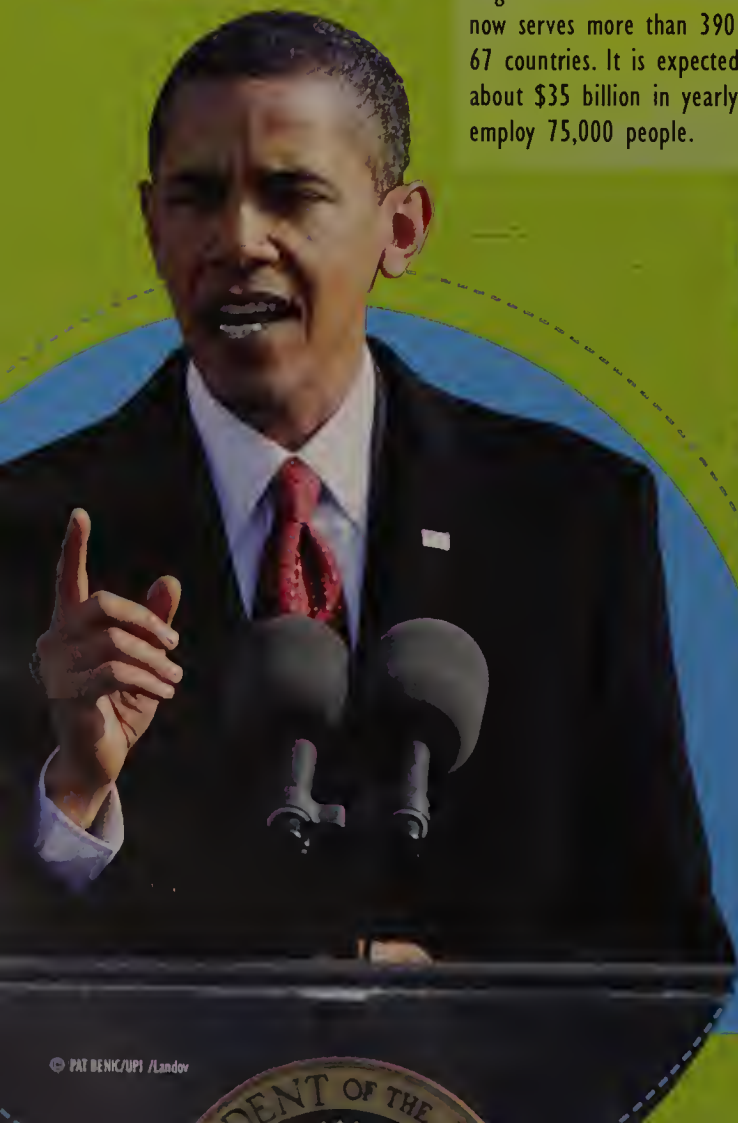

Crisis in Gaza

The long-standing conflict in Gaza rose to war when hundreds of civilians lost their lives and thousands were injured in airstrikes and mortar shell attacks waged separately by the Israeli military and Hamas militant groups. Hamas is listed as a terrorist organization by the U.S. and many other Western nations. In January 2009, Israel withdrew its troops and the Hamas groups declared a cease-fire, ending the three-week war; however tensions between the two sides remain high.

Obama Elected 44th President

In a historic moment, 47-year-old Barack Obama, a freshman senator from Illinois, became America's first African-American president. In addition to shattering 200 years of history, he became the fifth youngest president ever when he was sworn in to office on January 20, 2009. In his inauguration speech, President Obama delivered a message of bipartisan hope and expectation to a crowd of over one million people in Washington D.C. and to millions more via television and the Internet.

Cease Fire

Following a short yet destabilizing conflict, the governments of Georgia and Russia signed a U.S. brokered cease-fire, which required all Russian troops to withdraw to their pre-invasion positions. The invasion was in response to Georgian suppression of Russian supported separatist rebels in the breakaway region of South Ossetia.

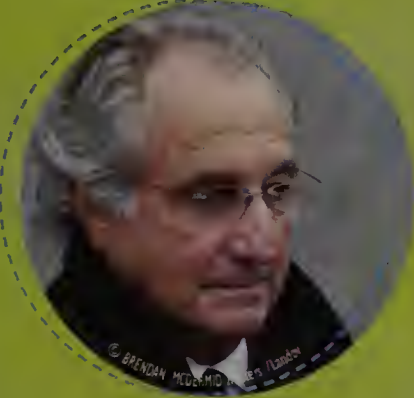

Earthquake Rocks China

A 7.9 magnitude earthquake rocked southwest China leaving 4.8 million people homeless. More than 60,000 people were injured while over 20,000 people lost their lives. To help rebuild the livelihoods, schools and basic services the area needs, several United Nations agencies have set up continuing operations in China.

\$50 Billion Fraud

The former chairman of the Nasdaq Stock Market, Bernard Madoff, was charged with running a \$50 billion Ponzi scheme, in one of the biggest fraud cases in history. Madoff could face 20 years in prison and a \$5 million fine if convicted. Madoff's actions may have cost some of the largest financial firms in the world hundreds of millions of dollars each.

Prepared for Landing

In January 2009, US Airways' Pilot C.B. "Sully" Sullenberger prepared for impact less than 90 seconds after taking off from LaGuardia International Airport in New York, as Flight 1549's engines went out after hitting a flock of birds. The pilot decided the safest place to land was in the icy waters of the Hudson River. Pilot Sullenberger's skill and quick response saved the lives of all 155 passengers.

Adventurer to the End

Almost 13 months after adventurer Steve Fossett disappeared in a single-engine plane over Nevada and a year to the day since the search was called off, hikers found his airplane and remains in the Sierra Nevada Mountains. Fossett holds many world records including being the first person to fly solo nonstop around the world in a hot air balloon.

Mumbai Targeted

Over three days in November, India's city of Mumbai was attacked by terrorists, allegedly backed by a Pakistani-based Islamic militant group. Over 160 people lost their lives in the planned attack which targeted India's financial center.

Goodnight Nighthawk

After three decades of exemplary service as the first aircraft in history to successfully make use of stealth technology, the F-117 Nighthawk was retired at a private military ceremony. The "Stealth" gained notoriety through now famous camera footage of its precision performance in Desert Storm in the early 1990s.

Myanmar Devastation

A massive cyclone hit the small country of Myanmar in May 2008, tallying an eventual death toll of over 100,000 people. The military government of Myanmar initially refused foreign aid and asserted that it could handle all relief and rescue efforts. According to International Red Cross reports, the lack of immediate international support most likely cost thousands of lives.

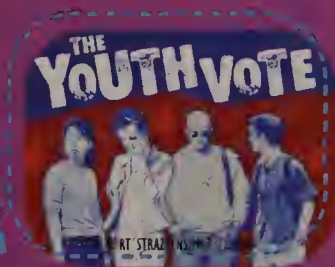

An Election to Remember

The nation witnessed several history-making events during the 2008 presidential election.

Alaskan Governor **Sarah Palin** became the first female Vice Presidential candidate for the Republican Party.

New York Senator **Hillary Clinton** made a run at America's number one seat as a candidate in the Democratic primary. After withdrawing from the race, Clinton went on to accept the role of Secretary of State in President Obama's administration.

Voters turned out in record numbers with over 133 million Americans showing up at the polls. Social networking websites like YouTube, MySpace and Facebook played a major role in yielding the highest turnout in 40 years.

Headline News

Kennedy Diagnosed with Cancer

Senator Edward "Ted" Kennedy was diagnosed with a malignant tumor after suffering a seizure. The tumor was located in the 76-year-old politician's left parietal lobe, near the top of his brain. Recommended treatment included a combination of radiation, chemotherapy and surgery to remove as much of the tumor as could be safely done without harming the senator.

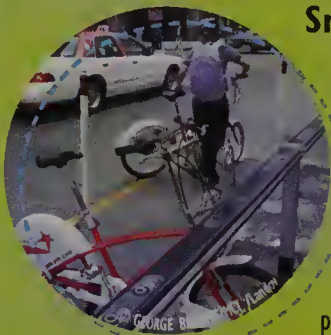

Peanut Butter Recall

An outbreak of salmonella traced to tainted peanut butter products prompted President Obama to order a complete review of the U.S. Food and Drug Administration process. The contaminated products sickened 529 people in 43 states and may have led to the deaths of nine people. King Nut, the company charged with distributing the products filed Chapter 7 bankruptcy.

Ivory Legally for Sale

For the second time in nearly two decades, ivory was offered for sale legally. According to the watchdog group CITES, the United Nations-approved ivory sales will be followed by a resting period of nine years to safeguard elephant stocks. The group reported that the elephant population has increased in recent years and the animal is no longer threatened with extinction. The amount of ivory for sale was equal to the yield from 10,000 or more elephants.

Smart Ride

Washington rolled out America's first high-tech bike-sharing program this year. SmartBikes come with key-card locking systems and tracking devices to prevent theft. Denver and Minneapolis launched bike-sharing programs in the summer, with Chicago, San Francisco, Seattle, Portland, Oregon and Arlington, Virginia making plans for the near future.

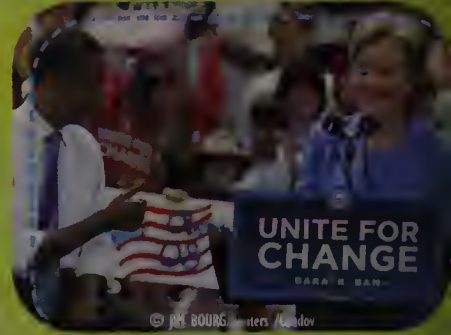

Torch Relay Ignites Protest

Thousands of protesters turned out after the Olympic torch flame arrived in San Francisco, waving flags and signs with sayings like "No human rights, no Olympics." Protestors cited

China's actions on Tibet, its policies in Darfur and human rights violations against Chinese citizens. Around the world, similar protests delayed the torch's progress.

Clinton Endorses Obama

After 17 months of campaigning against him, Senator Hillary Clinton officially conceded victory to Barack Obama. Clinton repeatedly called on her supporters to unite behind her former opponent. Even though her campaign was not successful, Senator Clinton paved the way for a woman to win the White House in the future.

China Tackles Quake Lakes

In the aftermath of China's massive earthquake, as many as 35 "quake lakes" were formed, threatening to flood surrounding villages. In an attempt to drain the lakes, Chinese troops deployed tons of earth-moving equipment and explosives to clear debris and create a spillway to relieve water pressure. Just one of the so-called quake lakes held nearly 130 million cubic meters, equal to about 50,000 Olympic-size swimming pools.
